How it works

You email pictures and relevant files in advance of the meeting and have your list of questions ready to go.

You and the Designer share screens and talk through design on the spot for each area, the designer emails links as you discuss and make selections.

Then create very rough boards with suggestions as you chat

For one hour appointments please email pictures in advance of your meeting, we will email a video link as soon as the Designer is online and you can join.

Have your questions and notebook/pen ready to go.

If you have plans of your property these are very useful but not a necessity.

Questions & advice following completion of the project will only be covered under the 'Questions Service'

Bulk-buy Hourly

Online support for colour schemes, shopping lists, soft furnishings (minimum of 10 hours)
